

CycleBright

Jayden Ohashi, Milo Madolora, Joshua Saltzer, Nathan Saltzer

About Us

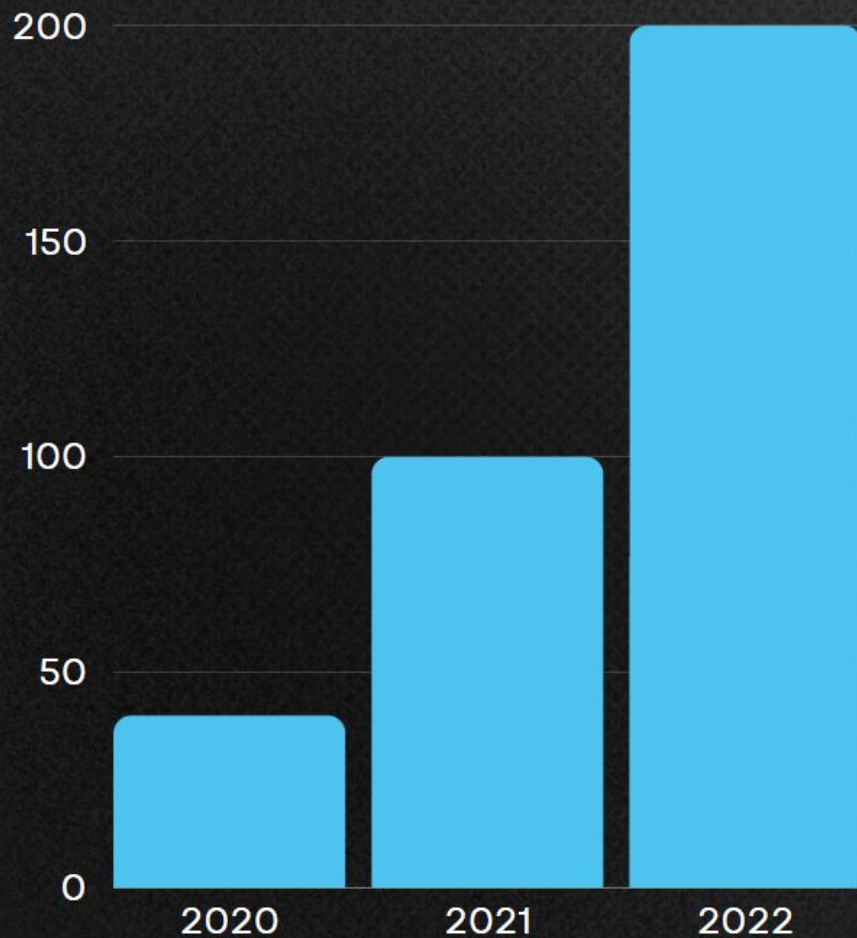

We are introducing the CycleBright 1.0, a revolutionary new take on the bicycle headlight and the dashcam.

Empathy

In 2023, a 15 year old named Brodee Champlain King tragically passed away due to an accident at a dimly lit intersection.

Number of eBike injuries In Orange County

According to Dr. Tetsuya Takeuchi at
Providence Mission Hospital in a 2024 CBS
Interview.

Define

The Problems that ebike injuries face are the high speeds, low visibility, and lack of evidence.

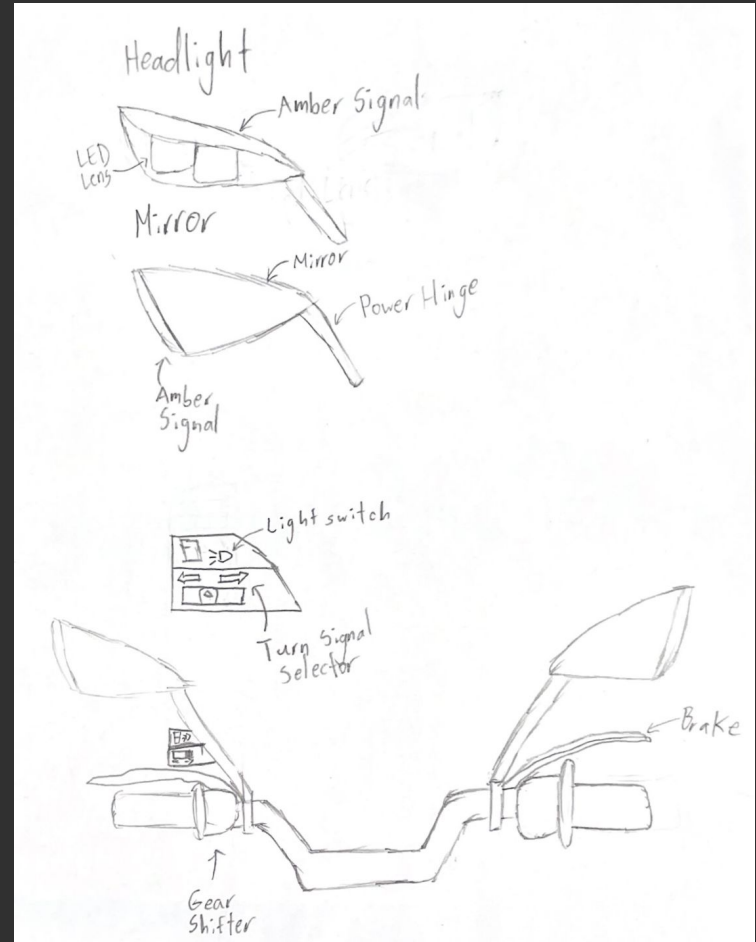

How Does this Problem get Solved?

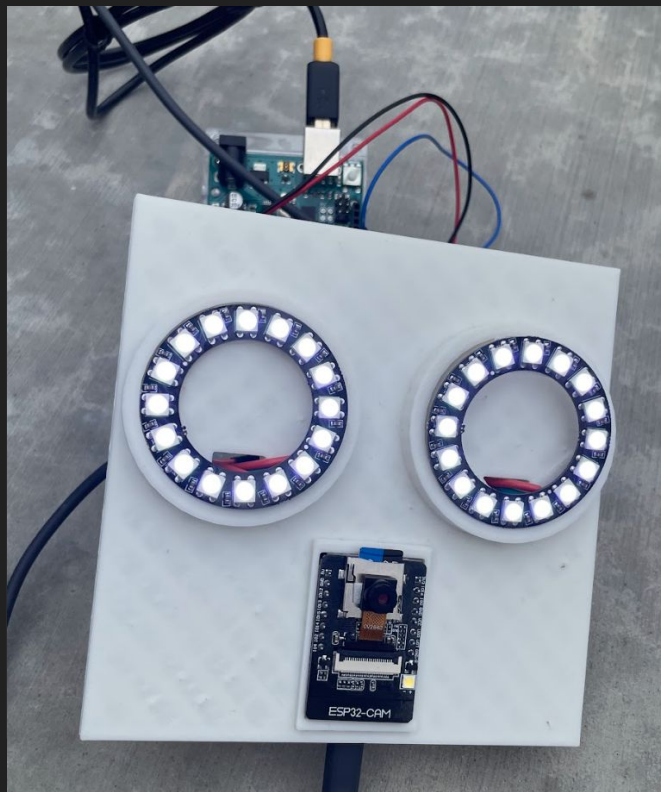

Ideate

We brainstormed ways we could incorporate all of these safety features into the CycleBright 1.0.

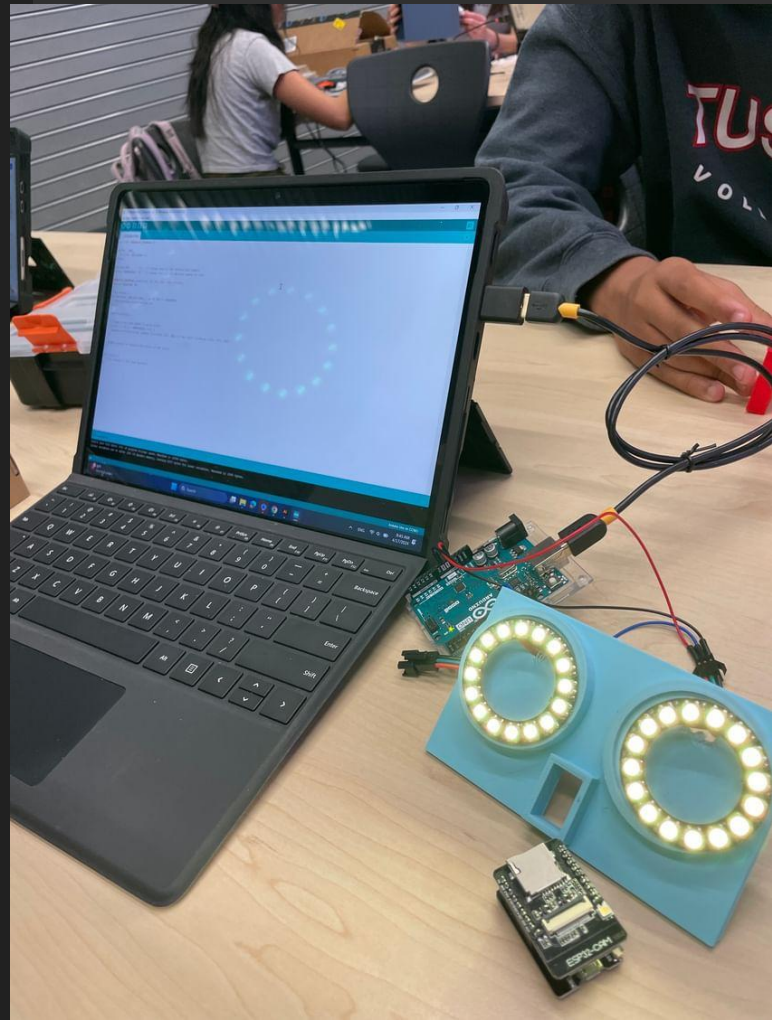

Our Prototype

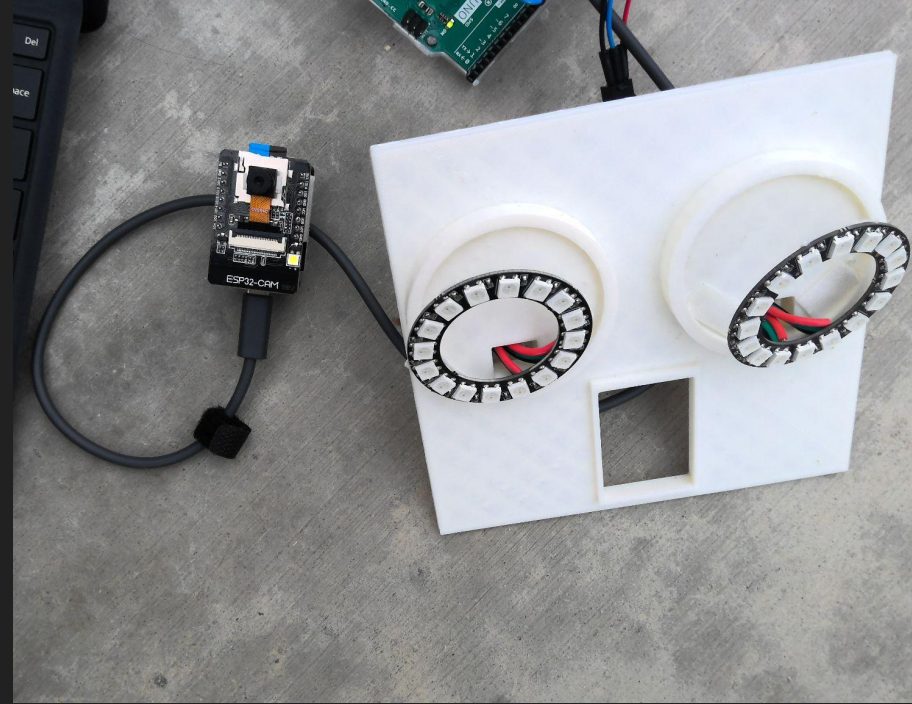

Test

We tested our old print which didn't fit everything to our needs. So we had to make a new one.

The Challenges we Faced

Camera didn't come in on time putting us at a time crunch to finish everything. Orders also delayed for printing and change in ideas put our project timeline way longer with more work.

Implement

We brainstormed ways we could incorporate all of these safety features into the CycleBright 1.0.

**SAFETY
FIRST**

Thank You!
